## STATE BOARD HEARS UTILITY DISTRICT PLEA

**Lower Sacramento River Water  
Polluted is Charge of East  
Bay Utility District**  
**MOSELUMNE PLAN FAVORED**  
**Hearing Is Held On Objections  
To Plan of East Bay Water  
Company for Supply**

The overwhelming testimony of the several hundred thousand residents of the Eastbay in opposition to the Sacramento river water project was yesterday submitted to the state railroad commission. This testimony, expressing the judgment, the will, and the preference of the people, is what the commission must consider, together with the testimony of the half-dozen expert witnesses of the East Bay Water Company, when it decided whether or not the company should be permitted to bring the Sacramento river water to the Eastbay.

Resolutions of all the leading civic organizations of the Eastbay and the various councils, plainly expressing the unified sentiment in protest to the water company's scheme, were submitted as exhibits to the commission at the hearing yesterday. At this time the Eastbay Municipal Utility District is presenting its arguments in opposition to the application of the water company to develop the Sacramento project and the resolutions are offered as proof that the people "don't want the Sacramento river water on any score."

**PROJECT DENIAL URGED**

A formal answer to the application of the water company filed by the directors of the East Bay Municipal Utility District, reviews the organization, history and prospects of the district, affirms the ability of the district to take care of itself, and respectfully requests the commission to deny the water company's application.

Commissioners: H. W. Brundige, Clyde L. Seavey, George D. Squires

## Kiwanis Club to Observe Mother's Day Program Today

"Mother" will be the keynote of the Kiwanis club luncheon today. The speaker will be Allison Hayes, chaplain in the United States navy and stationed at Mare Island. Hayes is reputed to be one of the most pleasing speakers in the Eastbay and the members are looking forward to his address with pleasurable anticipation. The chairman is to be Frank A. Woten, of the First Christian church.

A program fitting to the season is being perfected by Lee Wharton, chairman of the program committee, Emil Esola, chairman of the music committee, Pryce Roberts, song leader, together with the chairman.

## PLAY ATTRACTS AT SCHRADER'S

In compliance with the National Advertising Month, from April 11 to May 11, being put on by the Kroehler Manufacturing company, the L. H. Schrader Furniture company has set aside this week, May 4 to 9, inclusive, as Kroehler week, and each day from 3 to 4 p. m. and from 7 to 8 p. m. the company is presenting a playlet in its window at Seventh street and McDonald avenue.

The skit is entitled "The Unexpected Guest." It depicts the situation of a couple, represented by Miss Isabel Lucas and Herbert Porter, of Richmond, enjoying an evening by their fireside, the husband tuning in on the radio and smoking while his wife is sewing.

The couple is startled by the ringing of the door bell and upon opening the door they are confronted by a girlhood friend of the wife, the unexpected guest—who is now an actress in San Francisco. She has managed to slip away from her company and come across the bay to visit her friend.

The unexpectedness of the visit has little effect on the tranquillity of Mr. and Mrs. Married Man, however, as they have just had their new home completely furnished with Kroehler furniture.

Of special interest is the Kroehler davenport, which is demonstrated with just pride on the part of the family, and to the delight of the visitor. The early part of the evening is enjoyed in reminiscences of the two ladies, and at a late hour the unexpected guest retires to another room and in a few minutes returns attired for the night. In the meantime Mrs. Married Man has made the davenport into a bed and when her visitor returns she is snugly tucked in for the night.

The part of the unexpected guest is very ably characterized by Miss Virginia McKay of the Company Irene of San Francisco. She is a striking little blonde, who adds materially to the realism of the playlet.

The Kroehler company has offered a prize for the best and most original window display during the month.

## LEADERS NAMED IN HOTEL FUND

Announcement was made yesterday by Larkin J. Younce, general sales manager of the Community Hotel campaign, that the leadership of the various divisions and groups had been completely signed and that everything was in readiness to enlist the large sales organization which will number about 125 men in addition to the executive committee of 26 which is already organized and functioning.

The group managers will meet Friday afternoon of this week to select men for their groups after which they will proceed to sign up their groups for the stock sales week which will likely be scheduled for the first week of June due to certain other conflicting dates in the last week of May when the original schedule called for. Both Mr. Younce and H. A. Johnston, chairman of the executive committee spoke of the willingness to serve on the part of everyone that has been approached thus far. This they believe is a favorable indication of the widespread interest in the campaign. The division and group managers, are as follows:

Division A—E. B. Bull, Manager.  
Group 1—W. S. McKracken, Manager.  
Group 2—J. A. Miller, Manager.  
Group 3—Wallace Snelgrove, Manager.  
Division B—H. R. Carter, Manager.  
Group 4—J. E. Hill, Manager.  
Group 5—W. W. Scott, Manager.

Group 12—I. R. Vaughn, Manager.

Mr. Johnston in speaking to the division and group managers at a recent meeting called attention to the fact that the hotel company has a very favorable contract to lease from Chas. B. **Largest Dinner Crowd Ever Assembled in United States Hears  
Richmond Speaker**  
**REMARKABLE OVATION GIVEN**  
**Great Crowd Carried Away by  
Eloquent Appeal for Unity  
Among Eastbay Cities**

Wilbur S. Pierce, representing the Richmond Chamber of Commerce, won the silver loving cup in the three minute speaking contest held at the Oakland auditorium last night on the occasion of the second annual community dinner given by the Service Clubs of Oakland.

The theme of the contest was "How Can We Best Cooperate for the Greater Development of the East Bay" and representatives of six East Bay cities, Richmond, Berkeley, Oakland, Alameda, Piedmont, San Leandro and Hayward, were united into one body, one political unit with the present imaginary city lines obliterated.

Pierce took for his subject "Political Unity as a Prerequisite to Cooperative Effort" and declared that all plans for developing the Eastbay by cooperation would fail until the ten cities, Richmond, El Cerrito, Albany, Berkeley, Emeryville, Oakland, Alameda, Piedmont, San Leandro and Hayward, were united into one body, one political unit with the present imaginary city lines obliterated.

## Roosevelts Off on First Leg of Hunting Trip to "Top of the World" in Quest of Rare Ovis Poli

This photograph was taken as Theodore and Kermit Roosevelt were sailing from New York on board the Leviathan to meet the rest of their hunting party in England. Their goal is Chinese Turkestan, high in the Himalayas, and chief among their quest, is the ovis poli, prototype of the mountain sheep of the world, which Marco Polo first described in the journal of his trip to the Celestial empire in the thirteenth century in such terms that for centuries he was thought to have embellished the truth. Another object is the long-haired tiger that lurks in the jungle at the foot of the Tian Shan range. The expedition will obtain specimens of birds and animal life for the Field Museum of Chicago.

## ESCAPES FROM SAN QUENTIN AT BAY IN SIERRAS

**After Mad Race in Stolen Stage  
Tanko and Hall Were Trapped  
In Ravine at Colfax**  
**ESCAPADES MARKED DAY**  
**Capture Believed Certain Because  
Of Wild Nature of Country  
And Snowblocked Roads**

Fleeing in desperation from a hundred armed men, trailed by a police dog and hemmed in by the snow-bound Sierras, two desperadoes, well identified as Joe Tanko and Floyd Hall, were believed to be making their last stand late yesterday afternoon, a few miles above Colfax on the road to Treneke.

For a whole day they had spread excitement and terror through Nevada and Placer counties, racing wildly through towns and villages in a stolen mail stage and firing recklessly at those who threatened to halt them.

The abandoned automobile was found in Long Ravine and the fugitives were sighted and fired upon by a pursuing posse just as they were disappearing in the underbrush on the crest of a distant ridge. They did not reply, but one man dropped his back and it was recovered by Deputy Sheriff Harry Murphy of Sacramento.

**PROGRESS IS BLOCKED.**

For men on foot and scantily equipped there is no way out of the country into which Tanko and Hall fled yesterday except to turn back toward the Sacramento valley. They were nearing roads impassable with snow when they took to the wilds.

The fight in the stolen auto stage was terminated when the gasoline ran low. They had raced ahead of pursuing posses all the way from Nevada City and once had turned to fire upon a machine driven by Sam Costello, volunteer pursuer, as it bore down upon them.

Approaching Colfax they gained a little time by leaving the highway and taking a rough road that emerges again on the Lincoln highway about a mile north of Colfax. They proceeded north and a short distance from that spot decided that they must abandon their machine.

They turned from the highway into a trackless ravine and drove far enough to conceal the automobile from the view along the road.

**ROSSE FINDS AUTO.**

The posse, headed by Deputy Sheriff Murphy, was but ten minutes behind them and discovered the automobile. While looking for tracks to show which way the men had fled, one member of the party sighted two figures at a distance and fired. That was the beginning of a desperate manhunt which was still in progress when darkness came on.

## WATCHING FAT ONES GROW THIN

Yon Cassius, who had a lean and hungry look, would be more popular now than in Caesar's day, especially if he had happened to be a woman.

Every once in so often a rumor is started that curves are coming back, but invariably it proves to be a rumor.

Most women have the get rich quick spirit about reducing. They want to eat and drink what they like, take no exercise and yet have the sound flesh melt away like butter in an oven.

That is why clever advertisers are eagerly believed when they give promises of the royal road to the svelte figure.

"Not a drug, nothing to rub on, no exercises, eat and drink what you like," sounds very convincing and seldom fails to attract.

**VARIED SYSTEMS.**

Massage following heavy exercise and a Turkish bath is old. Effective, of course, but entailing much work and weariness of body and spirit. The electric cabinet still has its advocates and there are still men and women eating various forms of thyroid and getting by, but not getting thin.

Start out some day and investigate the new ways for reducing weight. It will surprise you. In fact, after one afternoon of interviews with the "professors," both male and female, you will be astonished at the number of overweight people in the world when it is so simple to have the "correct weight for your height."

**SOME MORE TOMORROW**

**SPEEDERS FINED HERE**

A half a dozen motorists contributed \$80 to the city coffers yesterday for being imitation Murphys and De Palmas on the streets of Richmond. They were before Police Judge C. A. Odell and were E. C. Hughes, \$15; F. H. Blach, \$15; Fred Taten, \$15; A. C. DeLarot, \$15; J. Komper, \$20; Judge Odell suspended W. Halley, operator's license for 30 days.

## RECRUITS ASKED FOR BATTERY B

Battery B, 12th Field Artillery, California National Guard, is in need of about 15 men, between the age of 18 and 35, and Frank B. Schumann, publicity manager of the Richmond Chamber of Commerce, has been commissioned to recruit these men in Richmond.

Schumann, who was recently given the rank of First Lieutenant, by order of President Calvin Coolidge, would like to recruit men who can take advantage of the two weeks' exemption to be held at Camp Lewis, Washington the first two weeks in July.

He announces that all expenses of the recruits, including uniforms and transportation will be paid, and in addition the men will receive a salary while attending the camp and when attending the weekly drills held in Oakland every Thursday night. Beside that, each man has the opportunity to become a commissioned officer.

Physical examinations are not severe or strict, and men over 35 years of age who have had previous military duty are eligible. If, and when, a battery is formed in Richmond, these recruits will be enabled to transfer to their home city. Artillerymen are not usually detailed to guard duty, this task falling, as a rule, upon the infantry. Any one wishing to enlist should get in touch with Lieut. Schumann at the Chamber of Commerce at once.

## RICHMOND'S NEW FACTORY

The Record-Herald is glad to announce the laying of the cornerstone yesterday for the Rust-Campbell Company's factory at San Pablo and Andrade avenues.

This is the first of what we hope will be a continuous stream of Los Angeles factories to move to this section.

The concern was brought to Richmond through the efforts of the Chamber of Commerce. The original plan of the company was to remove its plant from Los Angeles to Oakland, but after several months of negotiations the superior advantages of Richmond were impressed upon the owners of the concern and Richmond was chosen as the new location.

Rust Campbell company will begin operations about August 1, and expect to employ about 75 women and girls. Thus it is a much needed payroll for Richmond. The company expects to be employing 200 men and women within two years.

**Lloyd Hughes Plays Lead Today  
In "Declasse" At The California**

Corinne Griffith and Lloyd Hughes in "Declasse"

Lloyd Hughes has made rapid strides in popularity during the past year as a leading man for First National stars. His services are in such demand that he often begins work on one picture before completing another. His latest is Corinne Griffith's "Declasse," which comes to the California Theatre today, for two days.

Hughes is distinctly an American of the good, clean, wholesome type. He was born in Bisbee, Ariz., and educated there. Later he graduated from the Polytechnic school in Los Angeles.

Motion pictures appealed to him from the start, and he became a familiar face around the lots of the various studios in Hollywood. His success in his chosen line of endeavor was immediate. His advancement has been rapid.

Other features on the same program include "Why Hesitate," a Bobby Vernon comedy; "Tomorrow's Promise," a Robert Bruce scenic; "International News," Larry Canelo at the organ.

David Smith, one of the Vitaphone's most prominent directors, who filmed the now far famed "Black Beauty," is responsible for filming an adaptation of James Oliver Curwood's widely read novel, "Flower of the North," which will be shown at the Wesley Methodist Church Friday evening at 7:15.

Fortunate indeed is the actor lucky enough to have a role in a production which scores one of the biggest hits in the history of the cinema art but when he comes right back as a featured member of the cast of another production hailed as greatest of all, he can surely be said to be a child of destiny. Such is Ernest Torrence, who plays one of the principal roles in "The Hunchback of Notre Dame," which opens its local engagement at the Richmond Theatre today.

Terrence was given lavish praise for his work in "The Covered Wagon," but all who have seen him in the new Universal production, admit that he has accomplished a piece of art that will go down into history. In "The Hunchback of Notre Dame," his part is second only to that of Lon Chaney, the star who portrays the role of "Quasimodo." Terrence will be seen as "Clopin, King of the Underworld." It is no reflection on either man that Chaney in the title role Terrence would have "fetched" the stellar honors.

Aside from Chaney and Terrence, the cast is one of the most notable ever assembled, there being a total of 75 principals, including Tully Marshall, Brandon Hurst, Patsy Ruth Miller, Gladys Brockwell, Norman Kerry, Nigel de Bruin and Kate Lester. Two hundred players, ordinarily programmed names, play of small parts, while the extras totaled in excess of 3500.

**SILVER FUNERAL IS HELD**  
Rev. H. L. Overholzer conducted the funeral services for Donald Walter Selzer, a month-old son of Mr. and Mrs. Victor J. Selzer, 2800 L. Street, Sunday afternoon. Services were held from the Bert Curry chapel yesterday afternoon and interment took place in Sunset View cemetery.

The girls in the group of children between the ages of 12 and 14 years, underwent practice for the pageant they are planning on giving on Wednesday, May 6.

In the Senior group, 14 to 18 year, a wicker class was started. Plans were also made for a 25 cent fee to be given Saturday, May 23. Preparations are being made for a fine program and entertainment in connection with this affair.

## Roosevelt Junior Students Prepare For Coming Bazaar

The students of the Roosevelt Junior high school are hard at work in preparation for their bazaar to be held in Roosevelt gymnasium on the fourteenth and fifteenth of May.

This is to be a big affair as children, parents and teachers alike have been working hard to make it a success. There will be free entertainment by the Glee club and the Dramatic club and also a food sale.

Many useful articles made by the children in the shops, home economics, and clubs will be on sale. The idea grew from what was originally intended to be an apron sale, by the sewing club girls, to a school wide bazaar which promises to be a yearly event.

All friends of the Roosevelt Junior high are invited to the entertainment and it is hoped that they will bring and find some article to their liking from those on display.

Funds are to be used for school purposes, such as a dining table for the cooking department, dishes, furniture, etc.

Miss Roob, well known Richmond teacher, is the general chairman of the events and promises satisfaction or money returned.

## "The Triad" Plans Dance for Alpha Chi Chapter Here.

Under the name of "The Triad" three members of Alpha Chi chapter of Kappa Alpha Pi fraternity will give a dance at Richmond clubhouse on Friday evening, May 8. Those in charge have made elaborate preparations for this affair and have secured Chick Barry's orchestra for the music, which in itself is sufficient to insure the success of any affair.

The dance is open to the public and a most enjoyable evening is promised as the committee is doing everything possible to prepare to take care of the jammed house that is expected. The tickets are selling very rapidly for one dollar, a very nominal price when the nature of the event is considered. The public may obtain their tickets from any member of the fraternity.

Final preparations for the dance were consummated at a meeting of the organization held at the Fraternity rooms in Mira Vista last night with Master Whitton, presiding.

A series of independent and impartial reports showing the experience of large users with Zerolene has been collected in our booklet, "Why Pay Tribute to a Superstition?" Ask any Standard Oil Company representative or Zerolene dealer for a copy.

**Zerolene is First Choice of Western Motorists**  
Zerolene lubricates more motor cars in the Pacific Coast states—high and low priced cars alike—than any other oil made. Six out of the seven trophies in the 1924 Yosemite Economy Run were won by Zerolene-lubricated cars. The "anti-western" oil bogie simply doesn't hold up. Zerolene increases gasoline mileage, reduces upkeep costs and lengthens engine life, in high priced cars and motor trucks alike.

Why pay tribute to a superstition? Insist on Zerolene even if it does cost less.

In what officials termed the best game of the season, the Schneider Tailors forced into first place in the Richmond City Twilight league, by defeating Merchandise Trust nine at the First street ball park last night by a score of 2 to 0.

The whirlwind Gomez was in the box for the Merchants club and pitched his first game for a loss. The winning pair of runs came in the first inning. Fairbanks, the lead off man singled. Daley flied out to Austin. Bartoli doubled, advancing Fairbanks to third. P. O'Rourke hit what should have been a double but Marcollo misjudged the fly and came in too far, allowing O'Rourke to go to third and the other runners to score.

In the next five innings Gomez never allowed a man to reach first, striking them all out in one two three order. The two hits in the first being the only clouts Schneiders ever garnered.

Hansen, center fielder for the Merchants was the heaviest on the willow hitting three times in three trips one a double.

## Cornerstone Laid For Rust-Campbell Factory Building

Some years from now, when the Rust-Campbell company has outgrown its quarters and finds it necessary to tear out the old cornerstone to make way for a new one, those who may be engaged in the dismantling work will find imbedded in the cornerstone laid yesterday a copy of the RECORD-HERALD, of the date of Friday, May 1, 1925.

A number of people witnessed the cornerstone laying ceremonies yesterday afternoon. E. S. Rust, president of the company, presided; Mayor J. H. Plate, of Richmond, laid the cornerstone and H. A. Johnston, president of the local chamber of commerce, gave an address of welcome. Edward R. Huyck, superintendent of the plant, gave a talk on the purposes of the factory.

Golf balls and other articles manufactured by the company were placed with the RECORD-HERALD in the cornerstone before it was sealed up by Mayor Plate. The copy of this paper so honored carried a front page picture of the ground breaking ceremony on April 28.

The products of the concern include golf balls and other sporting equipment, and all kinds of flat leather goods. Machinery is being shipped in and stored preparatory to installation as soon as the factory building is completed.

The site of the new factory was purchased from the Brown company, who are constructing the building for lease to the Rust-Campbell company. The Miner company have the contract for construction.

## St. Edmund's Win Over Lutherans In Volley Ball

| Y. M. C. A. VOLLEY BALL LEAGUE |            |
|--------------------------------|------------|
|                                | W. L. Pct. |
| Y. M. D.                       | 7 1 .875   |
| Christians                     | 7 2 .777   |
| Wanderers                      | 6 2 .750   |
| Wesley                         | 5 2 .625   |
| Presbyterians                  | 4 1 .500   |
| Baptists                       | 3 6 .333   |
| St. Edmunds                    | 2 7 .222   |
| Lutherans                      | 2 7 .222   |

Coming out of their trance, the St. Edmunds team, the official Spark Plug of the Y. M. C. A. Volleyball league, slammed over a victory on the Lutherans last night, taking the second and third of the series by a score of 15-7 and 15-5 and losing the first, 11-5.

The victory came as a complete surprise to everyone, very much including the St. Edmunds themselves. The boys were highly elated over their win as it sure tasted good after being the lone occupant of the gloomy cellar these many weeks. They now have the Lutherans for company, both batting .222 and striving for the supremacy of the bottom of the column.

The Christians lost their hold on first place in conjunction with the Y. M. D.'s by virtue of their defeat at the hands of the weak and seemingly helpless Baptists. This series went through three hard fought and bitterly contested games with the Baptists taking the first and third 16-14 and 15-12 and the Christians managing to corner the second 15-12.

Both the victorious teams upst all hope last night as they were considered by everyone so inferior to their fast opponents that the issue was never in doubt. But lots of times surprises occur.

This makes the Y. M. D. team the only occupant of the first place pedestal, and they expect to hold it through Thursday night at least when they play the seemingly helpless Wesleyans.

The Wanderers are slated to face the Presbyterians on Thursday night also. No comment as to outcome has been made on this fracas.

equipment, and all kinds of flat leather goods. Machinery is being shipped in and stored preparatory to installation as soon as the factory building is completed.

The site of the new factory was purchased from the Brown company, who are constructing the building for lease to the Rust-Campbell company. The Miner company have the contract for construction.

## Lincoln Pioneers To Play San Pablo

This afternoon the Alce Lincoln Pioneers of the Y. M. C. A. are going to board the Twenty-third street trolley and journey to San Pablo where they will cross bats with the San Pablo grammar school. The Alce Lincoln lead the league of the Y. M. C. A. tournament, while San Pablo has defeated such fast and strong aggregations as Walnut Creek, Grand Canyon and way points. In view of the long string of scalp under the belt of each team it is expected that a game full of thrills will be witnessed.

One of the boys of the Y. M. C. A. was heard to remark that he wondered where these two aggregations buried all the dead men they slaughtered. He was advised to watch after this afternoon's game and see where one or the other of them will be interred.

Van Nuys—Robert Morton pipe organ factory of Berkeley to be moved to local site; plant improvements costing \$200,000 planned.

J. Thomas, anchor man on the Sanitary team toppled the maples for a grand total of 647, which is some bowling. Another practice game will be bowled next Friday night at the Barreilles "drives" on Seventh street.

The teams from Richmond are scheduled to bowl in the Pacific Coast Bowling Congress, Tuesday, May 12, commencing at 8 o'clock in the evening.

H. Schrader company prestige over the entire United States.

## The Santa Fe Creed

**President Storey says that teamwork, courtesy, and co-operation form the Santa Fe creed. Regional Advisory Boards are an example of co-operation. Every one benefits when the transportation machine works smoothly.**

Community of interest of the railroads, their patrons, and the public is generally recognized without argument.

A fine spirit of co-operation has resulted and has become an invaluable aid in rendering transportation service.

One outstanding example of co-operation is the Shippers' Regional Advisory Boards, eleven in number. They are voluntary organizations of shippers, representing production, distribution, consumption, and credit as related to transportation.

Each board has separate commodity committees dealing with each important commodity.

Railroads are not represented on these boards, but do have separate committees of their own which co-operate with the commodity committees.

These boards consider, analyze, and solve many transportation problems. Through them railroads learn shippers' needs in advance and are enabled to distribute cars to care best for such needs.

Shippers learn the necessity of prompt

loading, unloading, cleaning, and release of cars, and the importance of giving advance notice of their requirements.

Friendly conferences around the table have been very helpful. All parties have profited thereby.

Car loadings in 1923 and 1924 broke all records, yet the railroads moved the traffic offered without car shortage or delay.

There was no magic or mystery about this record-breaking performance. Available facilities were used to the best advantage by railroads and shippers. Plain common sense was applied in a co-operative spirit to solving a difficult problem.

Such co-operation made it possible to have the products of forests, mines, manufactures, and agriculture delivered without delay at reasonable cost.

Everyone benefits when the transportation machine functions smoothly and without friction.

### State Board

Continued from Page 1

and Ezra Decoto, sitting on benches, heard the testimony of the district.

Concentrating all the arguments against the Lower Sacramento project and pleading that the public interest cannot be served by this lower Sacramento idea of the water company, the statement of the East Bay Municipal Utility District, as filed with the railroad commission contains the following points summarized:

The primary purpose of the organization of the utility district was the acquisition of an adequate water supply for the Eastbay communities.

The vote for its formation showed an unmistakable sentiment in favor of a publicly owned water system.

The district immediately adopted a two-part plan, one for a water supply, the other for distribution.

The district employed engineers and spent large sums of money in investigations and finally submitted to the people a plan for a 39,000,000 pound issue for an aqueduct to bring the water to the Mokelumne to the Eastbay cities.

Previous to the election, the relative merits of the Mokelumne and lower Sacramento were discussed and debated, at public hearings and in the press. The popular vote against it may be accepted as an overwhelming demonstration that the people do not desire the Sacramento.

**REASONS FOR MOKELUMNE.**  
The selection of the Mokelumne over the Sacramento was actuated by the following reasons:

1. The undisputed fact that the water of the Lower Sacramento is polluted and in a natural condition unfit for domestic use. The experience of the city of Pittsburg is an example.

2. Conceding filtration and chlorination of this water, it does not appeal to the instincts of the people, and cannot be more clearly expressed than by an East Bay Water Company pamphlet in 1922, saying "the more polluted water is in its raw state, the more difficult it is to render it safe and palatable."

**SUPPLY HELD ADEQUATE.**

The Mokelumne water, plus the East Bay Water Company distributing plant, make a complete and adequate system for the community, and if the water company adds this additional (lower Sacramento) expenditure to its system, it will cause an economic loss and make it impossible for the district to acquire the system of the water company, and compel the district to install an independent water system, for which there is considerable public sentiment, but which the district has desired to avoid, in fairness to the stockholders and bondholders of the East Bay Water Company.

The contention that this application should be granted to avoid a disastrous shortage of water is hereby borne out by the facts. The utility district can bring an emergency supply from the San Joaquin if necessary. An early shortage of water is now improbable.

In case of emergency, the district can bring water from the San Joaquin more cheaply than from the lower Sacramento.

The public interest will not be served by the granting of this application of the water company for the lower Sacramento.

### Convention Plans Programs for War Veterans Meeting

The convention committee of Honor Post, No. 913, Veterans of Foreign Wars, reported at the meeting last night, held in the new Memorial hall that everything was progressing every nicely for the big convention to be staged in Richmond on June 25, 26 and 27. The meeting was presided over by Charles Washabaugh, commander, and was devoted to business only.

It was decided to hold a class initiation on May 13. The Hollywood Post of Alameda has been secured to put on the ceremonies in connection with this affair.

The members of the post are to gather at the Memorial hall on Sunday, May 10 to 12 o'clock noon, and go in a body to the Letterman hospital in San Francisco where they will visit their comrade William Wilson, who is confined in that place.

The post went on record last night as very much in favor of the box social to be given by the Ladies' Auxiliary to the V. F. W. in Memorial hall on Thursday evening, beginning at 7 p. m. It was almost unanimously agreed to attend the affair, and enjoy the good time that is promised.

On May 15, Honor Post is to journey to Martinez where a new post will be instituted. There are a large number of veterans living in Martinez who are eligible for membership in this organization and the need of a post there has long been felt.

### Civic Center Club Holds Meeting In New Headquarters

Meeting for the first time in their new quarters in the Memorial room of the Richmond city hall, the Civic Center club held a wonderful session yesterday afternoon, with Mrs. K. A. Cole, president, presiding. During the session the beautiful new draperies donated by the L. H. Schrader company were placed in position. The club has installed its own furniture, including a piano, and now has a very cozy meeting place.

Mrs. A. R. Cole was elected delegate to the state convention of federated clubs to be held at Santa Cruz, May 19 to 23, inclusive. Following a musical program, Mrs. K. A. Cole, Mrs. Harrinay, Mrs. Ruby Bryant and Mrs. Alice Macpherson, delegates to the district convention at Sonoma, gave a report of the meeting.

On the interesting program which was received with acclaim at the meeting yesterday, vocal solos "Flow-er of Love" and "Home and the Road," were given by Mrs. Donnie Flora Robbins; a violin solo was given by Grover Tiller, accompanied by Carl Krutzen; and a vocal solo "Heartase and Roses," was sung by Marion Domes. Miss Domes and Mrs. Fyra Krutzen pleased with a piano duet. Every selection was well given and each was well received.

A half hour's study of the American government was held by all members, with Mrs. S. B. Wilson, leading.

### SCOUTS TO RECEIVE MOTTO

At the ceremonies to take place at the Scout hall in Ohio avenue on Wednesday, a framed motto will be presented to the Scouts by R. L. Fernald, prominent local citizen. The motto will bear the Scouts slogan "Be Prepared" and has been made for the clubhouse as it is a handsome piece of work.

## This Is Kroehler Week

at our store, and from April 11 to May 11 is Kroehler Month of the United States. The Kroehler manufacturers are telling the story nationally of why their furniture is best.

They sold in 1924 over 16 million dollars worth of overstuffed furniture, their nearest competitor selling 6 million. When the public sets such a stamp of approval on any article there are very good reasons. See our playlet in the window on Macdonald avenue and learn some of the reasons.
